

City Boy

Daniel Lavoie

You say you are you say you are on the money trail
You say you are fighting a winner this time
You say you are you say you are on the materials' tail
Ok so far bargain and willing this time

Set me free from the worldly
Set me free from the mold
Set me free am I early or am I just getting old
Set me free in the mountains
Set me free in the wind
Set me free, did I find it or here we go again

Ahhh such a city boy

You say you are you say you are on the dream balloon
Climbing climbing just can't get there too soon
You say you are you say you are on the Loony Tunes tune
Go out and get it find me that ultimate croon

Set me free from the worldly
Set me free from the mold
Set me free am I early or am I just getting old
Set me free in the mountains
Set me free in the wind
Set me free, did I find it or here we go again

Ahhh such a city boy
Ahhh such a city boy
