

Woman To Man

Daniel Lavoie

There is a healing in these hands
A comfort in this voice
You don't have to keep on runnin'
You don't have to make a choice

You can settle in beside me
Love the feelin' , drink it up
I'm your well out in the desert
You can come and fill your cup

These are the secret things I tell you
Things I know you understand
Man to woman, man to woman
Man to woman, woman to man
Man to woman, man to woman
Man to woman, woman to man

You can lay your weapons down
Fall deep inside these arms
Talk to me, you can talk to me
I'd be the last to do you harm

You can give you body up
Surrender it to love
Love is what I know the best
Love is what I'm made of

These are the secret things I tell you
Things I know you understand
Man to woman, man to woman
Man to woman, woman to man
Man to woman, man to woman
Man to woman, woman to man
