

Kiss Of The Cannibal

Daniel Lioneye

In the magic toys'r'us
Dancing dhurga is lurking -mmm hot chocolate-
I'm playing cosmic pulsing game
With a teddy bear

I will never see life in another way

So far away I'm going
I will never see you fading
I'm blind

Fright night fire away!
Taste the kiss of a cannibal -kiss kiss, goodbye!-
Enchanted tools of children are
Glowing

So far away I'm going
I will never see you fading
I've been blind all my life, I'm falling down
Oh why? My poor blind eyes!
My eyes...

All my life I've been secretly drawn to the dead - I'm insane
Screaming graveyard ghoul, who'd say?
