

# I Think I'm In Love

Daniel Merriweather

She's be on my mind all day  
While I'm working trying to make that pay  
And if I finish round nine  
Gonna' make it on time  
I promised that I wouldn't be late

Tonight we're going to a show  
We're seeing TV on the Radio  
I've had this tickets for weeks  
And I got the best seats  
And it nearly cost me all of my dough

I know that it's her favorite band  
And when we're walking I'ma take her hand  
Cause I know she's the one  
It's on the tip of my tongue  
But I'm not gonna' tell her  
I'm not gonna' tell her

I'm in love with her  
I think I'm in love with her  
Think I'm in love with her cause I know  
I never felt like this, I never felt like this  
Am I in love with her?  
Am I in love with her?  
I think I'm in love with her, I don't know  
But I never felt like this, I never felt like this before

I been trying to climb that fence  
Another day another 50 cents  
But my girl don't care  
About the clothes I wear  
And I make enough to pay the rent

She says you never had that much  
She says all she needs is love  
I been wasting my time  
When I see her tonight  
I think I'm gonna' tell her  
I think I'm gonna' tell her

I'm in love with her  
I think I'm in love with her  
Think I'm in love with her cause I know  
I never felt like this, I never felt like this  
Am I in love with her?  
Am I in love with her?  
I think I'm in love with her, I don't know  
But I never felt like this, I never felt like this before

I'm in love with her  
I think I'm in love with her  
I think I'm in love with her cause I know  
I never felt like this, I never felt like this  
Am I in love with her?  
Am I in love with her?  
I think I'm in love with her, I don't know

But I never felt like this, I never felt like this before

I'm in love with her  
Think I'm in love with her  
Think I'm in love with her cause I know  
I never felt like this, I never felt like this  
Am I in love with her?  
Am I in love with her?  
I think I'm in love with her, I don't know  
But I never felt like this, I never felt like this before

She's be on my mind all day  
While I'm working trying to make that pay  
And if I finish round nine  
Gonna' make it on time  
I promised that I wouldn't be late

I been trying to climb that fence  
Another day another 50 cents  
But my girl don't care  
About the clothes I wear  
And I make enough to pay the rent

Do I think I'm in love?  
Do I think I'm in love?  
Do I think I'm in love?  
Do I think I'm in love?  
Do I think I'm in love?  
Do I think I'm in love?  
Do I think I'm in love?  
Do I think I'm in love?
