

Blackout

Danielle Bradbery

Baby, I'm a fighter
I've been down this road, it's nothing new
Just when you think it may be over
I come back for more and I'm still not through

Please don't push me tonight
'Cause I don't know what I
'Cause I don't know what I'll do
And if you push me tonight
If you push me tonight
Don't think I can protect you

Are you gonna save yourself when I'm going down?
'Cause when I'm about to blackout
I wanna go another round
Another shot from you is all it takes to drown
When I'm about to blackout
I wanna go another round

I'm in the middle of the countdown
But I don't care 'cause I'm used to getting bruised
It's not like I'm trying to suffer
I can't help it, black and blue

And if you push me tonight
If you push me tonight
Don't think I can protect you

Are you gonna save yourself when I'm going down? (Save)
'Cause when I'm about to blackout
I wanna go another round (Wanna go another round)
Another shot from you is all it takes to drown
When I'm about to blackout (Blackout)
I wanna go another round
When I'm about to blackout
Oh, I'm about to blackout
But I wanna go another round

I gotta stay, I gotta stay, I gotta stay
Focused
I gotta stay, I gotta stay, I gotta stay
Focused
Before I blackout

Are you gonna save yourself when I'm going down?
'Cause when I'm about to blackout
I wanna go another round (Another round)
Another shot from you is all it takes to drown
When I'm about to blackout
I wanna go another round (Another round)

Are you gonna save yourself when I'm going down?
'Cause when I'm about to blackout (Blackout)
I wanna go another round (Go down)
Another shot from you is all it takes to drown (Takes to drown)
When I'm about to blackout
I wanna go another round (I wanna go another round)

Baby, it's not over, oh
Baby, it's not over
