

# Hello Summer

Danielle Bradbery

He pulled into that parking lot with them out of state tags  
I fell in love before he unpacked his bags  
One look, one smile, one "What's your name?"  
One "Whatcha doing later, wanna grab a drink?"

And it was hello summer, goodbye to my heart  
Blue skies and blue eyes are a hell of a way to start  
Letting it go would be the hardest part  
Hello summer, goodbye to my heart

Who knew that one drink would turn into five  
Crazy how June burns into July  
Trying to keep September from creeping in my head  
But I knew what I was getting into the minute that I said

Hello summer, goodbye to my heart  
Blue skies and blue eyes are a hell of a way to start  
Letting it go would be the hardest part  
Hello summer, goodbye to my heart

Yeah he packed his bags filled his tank of gas  
Man it went by so fast  
Too good to last yeah just like that

It was goodbye summer you tore me apart  
Blue eyes and blue skies fade into the dark  
Letting it go is the hardest part  
Hello summer goodbye to my broken heart  
My broken heart  
To my broken heart  
My broken heart

Hello summer  
Goodbye summer
