## I Will Never Forget You

## **Danielle Bradbery**

Sooner or later they say That it all gets easier Take it one tear at a time And I'll wake up one day To find some closure Shining like the sunlight through the blinds

No matter how much time may pass between us You'll never be more than a memory away

'Cause I'll never forget you No, I'll never forget you

Whisper of the evening rain On the bedroom window Like the sky is missing you The flicker of a candle flame There's only one shadow Oh, but I can still see two

No matter how much pain I have to go through It's better than feeling nothing for you at all

'Cause I'll never forget you No, I'll never forget you

When I'm sleeping When I'm dreaming wide awake I got the feeling That I'll never get you out of my mind

Oh and I'll never forget you No, I'll never forget you (never forget you) Never forget you, oh, oh Never forget you
