

# Potential

Danielle Bradbery

If you just grew up a little more  
Than you know that you'd be perfect, you'd be perfect  
If you just tried harder like i know you could  
Then you know that it'd be worth it, it'd be worth it

I could tell myself that you'll get there, you'll get there  
But the more that you don't, the less blind i am  
I could tell myself that you'll get there, hang in there  
But honesly now, i'm beginning to understand

That i'm not in love with you  
I'm not in love with you  
I'm in love with your potential  
I'm in love with your potential

I get fed up and then you show up  
You act like i'm so perfect, i'm so perfect  
A shot of stronger keeps me longer  
And i hope that, i hope it's worth it, i hope it's worth it

I could tell myself that you'll get there, you'll get there  
But the more that you don't, the less blind i am  
I could tell myself that you'll get there, hang in there  
You'll get there

But i'm not in love with you  
I'm not in love with you  
I'm in love with your potential  
I'm in love with your potential

Yeah, you are is who you are  
And it's alright but it's not right for me  
No  
Maybe one day but it's too late  
And i can't wait but i can't wait to see  
No

I,m not in love with you

No, i'm not in love with you  
I'm not in love with you  
I'm in love with your potential  
I'm in love with your potential

I'm not in love with you  
I'm not in love with you  
I'm in love with your potential  
I'm in love with your potential
