

Two Sides

Danity Kane

All the pictures that you're holding
They won't tell you they're for sorry at all
There are two sides baby
Oooh, woah
There are two sides baby
Oooh, woah

Crazy, all this time you stayed around
You've been so patient
Had a little episode but we still made it
This is ain't forever about it, I'm just sayin'
I didn't do it all for nothing

Come on, come on, come on
What are we doing
We came too far along to let it go up in flames

I heard it all before
And there are some things you can't ignore
You really wanna know, just look behind and see

Headlights
They don't make you who you are
Cause there are two sides
And it's half of what you've noticed, it's more to my life
All the pictures that you're holding
They won't tell you they're for sorry at all
There are two sides baby
Oooh, woah
There are two sides baby
Oooh, woah
