

# Let's Get Undressed

Danko Jones

I'm burning up, I've had enough  
I can see that you agree you're into harder stuff

Don't want to push it or make a scene  
Let's take it easy stay the evening 'cause I think we click

I gotta tell you that there's something that is on my mind  
I wanna do it but first I gotta find my spine

Let's get undressed  
'Cause you're hotter than hell and I'm boiling  
Let's get undressed  
'Cause we're flirting I want to get rolling

The party's rocking when you walk in  
You own the room making sure that all eyes are locked in

You're simply stunning don't care 'bout nothing  
I need a lot of you we could do more than talking

I gotta tell you that there's something that is on my mind  
I wanna do it but first I gotta find my spine

Let's get undressed  
'Cause you're hotter than hell and I'm boiling  
Let's get undressed  
'Cause we're flirting I want to get rolling

We got a way to make the day our own  
We got a way to make the day our own

Let's get undressed  
'Cause you're hotter than hell and I'm boiling  
Let's get undressed  
'Cause we're flirting I want to get rolling  
Let's get undressed  
'Cause you're hotter than hell and I'm boiling  
Let's get undressed  
'Cause we're flirting I want to get rolling, rolling
