

Way to My Heart

Danko Jones

Baby, you drive me crazy
I can say that, this is the way to my heart
Baby, you're born to raise hell
I can say that, this is the way to my heart
Baby, you're x-rated
I can say that, this is the way to my heart
Baby, you're understated
I can say that, this is the way to my heart

I'm like a loaded gun
You can pull the trigger if you want some
Let's go on the side of the road
I can be your Ro-me-o

Baby, you drive me crazy
And I can say that, this is the way to my heart
Baby, you're born to raise hell
I can say that, this is the way to my heart
Get ready to run all night long
Get ready to run all night long
This is the way to my heart

I'm like a loaded gun
And you can pull the trigger if you want some
Let's go on the side of the road
I can be your Ro-me-o

I'm like a roller coaster up and down
I like to uuh ahh uhh,
Give me a call when you're coming 'round, aww yeah

I can't wait 'til we get home, baby
I can't wait 'til we get home
I can't wait 'til we get home, baby
So so so I propose
Let's go on the side of the road, baby
Let's go on the side of the road
Let's go on the side of the road, baby
I can be your Ro-me-o-o baby

Get ready to run all night long, this is the way to my heart
Get ready to run all night long, this is the way to my heart
This is the way to my heart
This is the way to my heart
