

You Wear Me Down

Danko Jones

I wanna love you but you move to
Damn slow
I wanna leave you but I can't seem to
Let you go
Caught in your web, I'm spinning 'round and
I'm about to blow

My top

Wanna believe that I can even up the score
Or maybe you can see my side and I can have
The floor
But in the end you'll never bend and I'll be
Out the door

For good

When I'm around you
You wear me out
When I'm around you
You wear me down

I wanna love you but you move to damn slow
I wanna leave you but I can't seem to
Let you go
Caught in your web, I'm spinning 'round and
I'm about to blow

My top

When I'm around you
You wear me out
When I'm around you
You wear me down

When I'm around you
You wear me out
When I'm around you
You wear me down

When I'm around you
You wear me out
When I'm around you
You wear me down

When I'm around you
You wear me out
When I'm around you
You wear me down
