

# Divide And Conquer

Danni Leigh

(Jim Lauderdale)  
Divide and conquer  
That's what it's gonna do  
Getting near every time  
She gets close to you  
Crying on her shoulder  
You say she's just your friend  
Why's she standing in the wings  
Waiting for us to end  
You don't have to be afraid  
While I'm away  
So don't go crying wolf  
To one who's gonna stake its claim  
Divide and conquer  
Tearing us apart  
Hitting me where it hurts  
Taking you by the heart  
You don't have to be afraid  
While I'm away  
So don't go crying wolf  
To one who's gonna stake its claim  
Divide and conquer  
I think you know it's true  
Always sticking up for her  
In everything that she'll do  
Divide and conquer  
Divide and conquer  
Divide and conquer
