

Crazy (For Your Love)

Dannii Minogue

Hold me, baby
I'm crazy for your love

When you're in love
The world can seem a better place
When you're in love
You're walking around with a smile on your face

You, you were my inspiration
You, you were my one temptation

Crazy, you know you drive me crazy
And when you hold me, baby
I'm crazy for your love, alright

One moment of love
A linger of a sweet caress
One moment of love
Is better than a life of loneliness

Stop, stop what you're doing to me
Stop, you know your loving drives me

Crazy, you know you drive me crazy
And when you hold me, baby
I'm crazy for your love
Yeah, yeah, yeah, yeah

Crazy, you know you drive me crazy
And every time you hold me
I'm crazy for your love, alright

Stop, stop what you're doing to me
Stop, you know your loving drives me
Yeah, yeah, yeah, yeah

Crazy, you know you drive me crazy
And when you hold me, baby
I'm crazy for your love
Ooh, yeah, oh yeah
Crazy, you know you drive me crazy
You know you drive me
I'm crazy for your love

Crazy, you know you drive me crazy
And when you hold me, baby
