

Free Your Love

Dannii Minogue

Free your love, set my soul on fire
Make me come alive, my heart is waiting for you
Free your love, set the night on fire
Come on, take me high

Feel I'm getting closer now
Like I'm lost in you
Can I feel your body, baby?
It's in the way you move

The power of loving you give me
I'm in heaven
Don't fight it, don't hide it
Just feel the beating of my heart, you've got to

Free your love, set my soul on fire
Make me come alive, my heart is waiting for you
Free your love, set the night on fire
Come on, take me high, just feel the beating of my heart

Ooh, my heart is waiting for you
Free your love, yeah

Say those words to me
And baby, I'll come running
You tease me, ooh, you please me
And I can feel it coming

The power of loving you give me
I'm in heaven
Don't fight it, don't hide it
Just feel the beating of my heart, you've got to

Free your love, set my soul on fire
Make me come alive, my heart is waiting for you
Free your love, set the night on fire
Come on, take me high, just feel the beating of my heart

Free your love
Ooh, my heart is waiting for you

Why won't you free your dove?
Why don't you free your love?
Why won't you free your dove?
Why don't you free your love?
Ooh, let me free your love

Free your love, set my soul on fire, make me come alive
My heart is waiting for you
Free your love, set the night on fire
Come on, take me high, just feel the beating of my

Free your love, set my soul on fire
Make me come alive, yeah now, baby
Free your love, set the night on fire
Come on, take me high, just feel the beating of my heart

Free your love, set my soul on fire
Make me come alive, you take me higher
Free your love, set the night on fire, set my soul on fire
Come on, take me high
