

# Hurt in Love

Dannii Minogue

Innocent in the middle of every good time  
And that is where you are  
You're never on your own  
Never out alone  
Hours can pass like seconds, minutes  
But I'm wondering if your heart is in it  
Are you questioning what you're doing here?

Tell me...

Did you love enough?  
Did you live enough?  
Are you crying out for more?  
Coz you're holding back like you've been hurt in love before  
Did you give enough?  
Did you get enough?  
Are you crying out for more?  
Coz you're holding back like you've been hurt in love before

Yeah, yeah, oh whoa, ooh  
Yeah, yeah, oh whoa, ooh ooh  
Yeah, yeah, oh whoa, ooh  
Yeah, yeah, oh whoa, ooh ooh

You're coming and going fast and easy  
Never standing still long enough to see me  
Reaching out for you  
Where you running to?

Won't you tell me?  
Oh yeah tell me

Did you love enough?  
Did you live enough?  
Are you crying out for more?  
Coz you're holding back like you've been hurt in love before  
Did you give enough?  
Did you get enough?  
Are you crying out for more?  
Coz you're holding back like you've been hurt in love before

Yeah, yeah, oh whoa, ooh  
Yeah, yeah, oh whoa, ooh ooh  
Yeah, yeah, oh whoa, ooh  
Yeah, yeah, oh whoa, ooh ooh

Take my hand  
Feel my heart  
How I need you  
If you want to be loved then you gotta let me in  
Take my hand  
Feel my heart  
How I want  
Coz you know there's just one thing that matters in the end  
In the end, in the end  
The end, the end, the end  
In the end

Did you love enough?  
Did you live enough?  
Are you crying out for more?  
Coz you're holding back like you've been hurt in love before  
Did you give enough?  
Did you get enough?  
Are you crying out for more?  
Coz you're holding back like you've been hurt in love before

Did you love enough?  
Did you live enough?  
Are you crying out for more?  
Coz you're holding back like you've been hurt in love before  
Did you give enough?  
Did you get enough?  
Are you crying out for more?  
Coz you're holding back like you've been hurt in love before

Take my hand  
Feel my heart  
How I need you  
If you want to be loved then you gotta let me in  
Take my hand  
Feel my heart  
How I want  
Coz you know there's just one thing that matters in the end  
In the end, in the end  
The end, the end, the end  
In the end
