

# I'm Sorry

Dannii Minogue

This wasn't ment to be  
I always thought that we had an understanding  
So don't, don't hold on to me  
I should have said "now leave"  
This is all my fault

And I'm sorry, I'm sorry  
You couldn't keep love down  
Forgive me, forgive me  
Cos I can't kick you out  
And I'm sorry

That I messed up this way  
Never ment to sound cliché but its me not you  
Say you need me  
I know I can't be the whenever you want me to  
I know its all my fault

And I'm sorry, I'm sorry  
You couldn't keep love down  
Forgive me, forgive me  
Cos I can't kick you out  
And I'm sorry

How could I cause you pain  
I hope its not too late  
Cos you've been hurt that way  
I know its all my fault and I want to say  
I'm sorry

Ooh, ooh, ooh

And I'm sorry, I'm sorry  
You couldn't keep love down  
Forgive me, forgive me  
Cos I can't kick you out  
And I'm sorry

I'm sorry  
Couldn't keep love down  
Forgive me, forgive me  
Cos I can't kick you out

Forgive me, forgive me

How could I cause you pain  
You couldn't keep love down  
Cos you've been hurt that way  
Cos I can't kick you out

Sorry
