

I Will Come to You

Dannii Minogue

I'm never alone now
Never alone now
Never alone now
Never alone, alone, alone, alone
Alone
Alone

If you could control my destiny
Would I be by your side constantly?
Would you catch a bird that needs to fly?
(Then why are you holding me back?
Why are you holding me?)

You don't have to see the light to believe
I swear I'm not out of your sight to deceive
Do you never stop to wonder why?
Ah, ah, ah, ah

I only breathe when I'm free
Close your eyes when I need
Keep me alive in your dreams
I will come to you
In space travelling
Out of reach we begin
Baby you know in the end
I will come to you

Come to me

Some think I'm a soul of loneliness
Some say that my heart is homeless
That I'm chasing rainbows round the world
(But you are my home and home is where the heart is)

I'm seeing myself in every place
When the rain falls I kiss your face
Then maybe I'll stop to wonder why
Ah, ah, ah, ah

I only breathe when I'm free
Close your eyes when I need
Keep me alive in your dreams
I will come to you
In space travelling
Out of reach we begin
Baby you know in the end
I will come to you

I'm never alone now
Never alone now
Never alone now
Never alone, alone, alone, alone
Alone
Alone

I only breathe when I'm free
Close your eyes when I need

Keep me alive in your dreams
I will come to you
In space travelling
Out of reach we begin
Baby you know in the end
I will come to you

Ah, ah, ah
Ah, ah, ah
Come to me
