

No Romeo

Dannii Minogue

Do do do do, do do do do, do do do do, do do do
Do do do do, do do do do, do do do do, do do do

I'm biting my lip
Cause I don't know what to say
I see you looking at me
But I don't know in what way
You got me tongue-tied up
And I'm getting so damn hot
I'm ignited

The beat of my heart
I feel it pump for two
I was good on my own
But now I'm caught up in you
You got me tongue-tied up
And I'm getting so damn hot
I'm ignited

Brought me to my knees
I'm begging
(Please don't have a lover
Tell me that you're good to go)
I imagine us together
(Are you Mr. Right or just another Romeo?)

Cause I (Do do do do, do do do do)
Don't want (Do do do do, do do do do)
No Romeo (Do do do do, do do do do, do do do do, do do do do)
No I (Do do do do, do do do do)
Don't want (Do do do do, do do do do)
No Romeo (Do do do do, do do do do, do do do do, do do do do)

Talk to you
Or did I leave it too late?
Is that a friend that you're with?
Or is it my mistake?
So get your arms around me
Don't stop
This feeling growing inside me

Fix it up
And baby tell me the truth
Cause I believe I'm in love
When I look over to you
So get your arms around me
Don't stop
This feeling growing inside me

Brought me to my knees
I'm begging
(Please don't have a lover
Tell me that you're good to go)
I imagine us together
(Are you Mr. Right or just another Romeo?)

A boy like this will drive me crazy

Do do do do, do do do do, do do do do, do do do
Do do do do, do do do do, do do do do, do do do
Do do do do, do do do do, do do do do, do do do
Do do do do, do do do do, do do do do, do do do

Cause I don't want no Romeo
No I don't want no Romeo
I just want you know to know that now
