

# Lost

Danny Brown

I'm like Kubrick  
With 2 bricks  
And hoes on the strip  
Off a 2 piece  
A toothpick I flick  
And I preach  
Bout how I'm a get this money out here up in the streets  
In the Caddy Ron Isley on between in the sheets  
And a way a nigga work make a grip in a week  
I'm a chill with this freak  
Sniff a gram and a half  
Plus her pussy juicier than Shalamar curl bag  
While she draw me a bath  
Roll a blunt then passed  
Giggled and jiggled her booty  
Couldn't do nothing but laugh  
Credit cards separating  
White lines on a mirror  
Roll a 100 dollar bill  
Now my sinus all clearer  
Flat screen porn on  
Watching Asa Akira  
Nothing on but my pinky ring  
Sniff when I get up  
On the balcony drunk  
Like the world is mine  
Staggering inside with my robe untied

So fuck waiting round  
Nigga I'm about to get it  
Dog I'm tryna eat  
So I'm staying in the kitchen  
Hunched over the stove  
Gotta water water whip it  
Lost in the sauce but a nigga still stirring  
Packing up them bags but a nigga ain't tripping  
Lost in the sauce but a nigga still dipping  
Lost on the sauce but a nigga ain't flipping  
Cutting up the hard like the yard ain't filling

I'm like Spielberg  
With ill words and hoes on that curb  
Gotta screw loose  
I'm cuckoo  
Mentally disturbed  
But still smart enough  
To hit this bitch wit a rubber  
And with ya wrinkle pussy  
Hoe can't be ya lover  
But I still get the head  
If you swallow with bubbles  
I'm a Linwood nigga I done traveled the world  
Made a name for myself use to serve on the curb  
Now my words worth a bird  
I could front you a zip  
Made a million in a year and I still ain't trip  
Bout to put my niggas on make a million for them

Show you that you can make it without acting like them  
Do you lil nigga go out there and just get it  
Gotta have a hardback  
Because these niggas gon' whip it  
Do you lil nigga get up out there get it  
Gotta have a hardback  
Because these niggas gon' whip it

So fuck waiting round  
Nigga I'm about to get it  
Dog I'm tryna eat  
So I'm staying in the kitchen  
Hunched over the stove  
Gotta water water whip it  
Lost in the sauce but a nigga still stirring  
Packing up them bags but a nigga ain't tripping  
Lost in the sauce but a nigga still dipping  
Lost on the sauce but a nigga ain't flipping  
Cutting up the hard like the yard ain't filling
