Danny Brown

Clock tickin', oh you can't beat playin'
Know what I'm sayin'?
Gotta get it how you live, no delayin'
Know what I'm sayin'?
Times hard, no, you can't give up
Know what I'm sayin'?
Like bad luck, never give in, naw
Know what I'm sayin'?
World'll shame, you the best, no less
Know what I'm sayin'?
Know life gon' put you to the test
Know what I'm sayin'?
Play it like you family, no less
Know what I'm sayin'?
Know God gon' put you to the test
Know what I'm sayin'?

My guy, you no walk, you no jog
My guy, you big boss, you so bad
You see this time wait for nobody
My guy, just hold your composure
And when you're down it gets cold, I know, uh
My guy, don't stop now, keep movin'
My guy, don't stop now, keep movin'
We're movin'

Hands dirty, 'cause I got it out the mud
Know what I'm sayin'?
Backstabbed by somebody you love
Know what I'm sayin'?
Everybody out here for theirselves
Know what I'm sayin'?
You really think somebody else cares?
Know what I'm sayin'?
If it wasn't for that, wouldn't be this
Know what I'm sayin'?
To get rich you gotta take a risk
Know what I'm sayin'?
On my own two, you know I gotta stand
Know what I'm sayin'?
They say chances gotta make a champion
Know what I'm sayin'?

We don't know nothin', but I do know this
Don't know nothin', but I do know this
Don't know nothin', but I do know this
Don't know nothin', but I do know this

My guy, you no walk, you no jog
My guy, you big boss, you so bad
You see this time wait for nobody
My guy, just hold your composure
And when you're down it gets cold, I know, uh
My guy, don't stop now, keep movin'
My guy, don't stop now, keep movin'
Keep movin'

We're movin'
We movin'
We movin'
We movin'
