Friends around at home
I could be in the club
I'm addicted to your love
Addicted to your love
I like the way we touch
The way you back it up
I'm addicted to your love
Addicted to your love, love

I'm waiting, girl you know I've got patience
Cause, your so amazing, your, your so amazing
But, but I'm aching, I'm dying just to taste it
No, there's no replacement
Cause, cause I'm addicted to you

Girl, the way you walk by drives me so crazy
Girl, I really wish I could call you my baby girl
Girl, I wanna show you everything there is in my world
Girl, I'm a addicted to you
