

Christmas Is Here

Danny Gokey

Merry Christmas
In some parts of the world
They say Feliz Navidad
Wherever you are
Merry Christmas

It could be oh so cold
Two feet of snow
Streets all covered with white
Baby you and me
Rockefeller tree
Magic in the air tonight
It's a wintry scene
Lights sparkly
Snow is falling down
We're twirling and spinning
In warm woolen mittens
Dancing all over this town
Cause Christmas is here

Come on everybody

Cause Christmas is here

It could be sun shining
Rays golden
Laying out at the beach
We got Nat King Cole
On the radio
Even though it's 80 degrees
And right next to me
I put up a tree
Stick right here in the sand
We hear all the breeze
Light smell of evergreen
While I'm working hard on my tan

Cause Christmas is here
Cause Christmas is here

No matter where you are

On the coast, in the city
The mountains or valleys
It finds you wherever you are
Get lost in the feeling
The joy of the season
Christmas is here in your heart

Candy canes gingerbread Rudolf and Santa
Soon to be coming along
You spend all year waiting anticipating
And now all the waiting is gone

Cause Christmas is here
Christmas is here

You know, in Milwaukee there's a blizzard right now
But in Miami it's muy caliente
You know, we always like to decorate Christmas trees
But have you ever tried to put presents underneath a palm tree?
Palm trees
No matter where you are

Hey (Christmas is here)
It's here yeah
Oh it's here yeah
Oh
Cause Christmas is here
