

Amazing

Danny Saucedo

I'm feeling great, I'm feeling awesome
And I can't wait, gotta get movin'
Shake the stress away
Something is on the edge tonight

It's like a force pullin' me in
It's getting stronger from within
Taking me higher, we're comin' alive
Tonight we'll be lighting up the sky

I'm feelin' great, I'm feeling awesome
Let me explain, you are the reason I breathe
You're amazing, amazing
You're a-a-a-amazing

I'm feelin' great right here beside you
That's where I will stay, you are the reason I breathe
You're amazing, amazing
You're a-a-a-amazing, that's what you are

Up to the sky, cut through the clouds
And dive back into the night
Don't be afraid, you just follow the light
There is no stoppin' us tonight

It's like a force pullin' me in
It's getting stronger from within
Taking me higher, we're comin' alive
Tonight we'll be lighting up the sky

I'm feelin' great, I'm feeling awesome
Let me explain, you are the reason I breathe
You're amazing, amazing
You're a-a-a-amazing

Oh-oh-wo-oh, oh-oh-wo-oh
You're amazing, amazing
You're a-a-a-amazing

Oh-oh-wo-oh, oh-oh-wo-oh
You're amazing, amazing
You're a-a-a-amazing

I'm feelin' great, I'm feeling awesome
(Let me explain, you are the reason I breathe)
(You're amazing, amazing) Amazing, amazing
That's what you are
