

Need To Know

Danny Saucedo

Had enough
Sick and tired uprising you
We over and we through
Core your blow, yeah
Well cause your lies started stinking

Why would I
Give you all that I can
Try to be the man for
That you ask up
I've been thinking

I gotta let you know

I need to know
Tell me how you feel
Cause baby when I look at you
I just wanna know why
I need to know
Tell me how you feel
Was everything we said just
The particular lie (ohh ohh)
Tell me cause I need to know (ohh ohh)

I though I
Be the one to slow you down
And stop fooling all around
I was wrong mmm
All you want it was trouble

A faided rough (ohh)
Try to do what to do but
I felt like a fool inside
So I would cought
Up the bubble

I need to know
Tell me how you feel
Cause baby when I look at you
I just wanna know why
I need to know
Tell me how you feel
Was everything we said just
The particular lie (ohh ohh)
Tell me cause I need to know (ohh ohh)

I need to know
I need to know
I need to know
Cause baby when I look at you
I just wanna know why
I need to know
I need to know
Was everything we said just
The particular lie
I need to know
Tell me cause I need to know

I need to know
