

# Gratitude

Dara Maclean

I was in trouble and You rescued me  
Torn to pieces now I'm complete  
Fatherless till You called me Your own  
No direction, till You showed me where to go

How can I say thank You  
How can I adore You  
All I have to offer  
Is the life I lay before You  
You're the One I live for  
So let my heart be filled to overflow  
Each day brand new  
With gratitude

I've been forgiven and now I'm free  
Every morning, Your love embraces me  
Only You, have satisfied  
Only You, have been faithful all my life

How can I say thank You  
How can I adore You  
All I have to offer  
Is the life I lay before You  
You're the One I live for  
So let my heart be filled to overflow  
Each day brand new  
With gratitude

Oh I, I can't stop, can't stop  
Thinking about all You've done for me  
I lift my, hands up  
With all creation let us join and sing  
Holy and righteous, kind and gracious  
Worthy, worthy, worthy

How can I say thank You  
How can I adore You  
All I have to offer  
Is the life I lay before You  
You're the One I live for  
So let my heart be filled to overflow  
Each day brand new  
Let my heart be filled to overflow  
With gratitude  
With gratitude  
With gratitude
