

I Am Blessed

Dara Maclean

Here's my heart laid bare before You
Now my prayer is just to know You
Since the day I was overcome by Your love
I've never been the same, I'll never be the same

I'm ruined, I'm wrecked
And I can't go back
No, I can't go back
To the way it was before You
My Savior, my strength
I don't need to know
What happens next
To know that I'm forever blessed
I'm blessed, I am blessed, I am blessed

If I have You, there's nothing missing
Brought me to life, made it worth living
You wrote Your name upon my heart and now You are
The one who floods my eyes
And when You say that You are mine

I'm ruined, I'm wrecked
And I can't go back
No, I can't go back
To the way it was before You
My Savior, my strength
I don't need to know
What happens next
To know that I'm forever blessed
I'm blessed, I am blessed, I am blessed

And to know You
Is to love You
And I can't live without You
There's no one else I run to
Now that I have found You

I'm ruined, I'm wrecked
And I can't go back
No, I can't go back
To the way it was before You
My Savior, my strength
I don't need to know
What happens next
To know that I'm forever blessed
I'm blessed, I am blessed, I am blessed

No matter what may come
You're stronger than the storm
Forever I will say You are always good, always good

No matter what may come
You're stronger than the storm
Forever I will say You are always good, always good
