```
I'd like to ask you from the start

If you could pull me out of the dark.

Or if our love could fall apart like cookies crumble.

See, I'm a demon on the loose.

I'm like an engine with no caboose.

And I need somebody who can really handle me.

Yeah, baby, I'm a wild one.

Don't let me run.

Don't let me get away.

Yeah, baby, I'm a wild, wild one.

Yeah, baby, I'm a wild one.
