

# Lost in You

Darius Rucker

Spring break, tan skin  
Lord I can't remember when  
I fell, so fast  
Knowing it could never last

I got lost in the rhythm of the waves of the ocean  
Lost in the sunset too  
I got lost in your eyes and the time  
Don't you know it  
Baby, I got lost in you

Five days, four night  
A smile I will remember  
For the rest of my life  
How sweet was your kiss  
I still taste it on my lips

Packed car, your tears  
I said girl I hate to leave you here  
I'll be back, I lied  
It's been all these years  
I still hear your goodbye

I got lost in the rhythm of the waves of the ocean  
Lost in the sunset too, yeah  
I got lost in your eyes and the time  
Don't you know it  
Baby I got lost in you, yeah  
Baby I got lost in you  
Oh baby, I got lost in you
