Dark Angel

As you enter your realm of incorruption  
The values of morality in their pristine state  
The walls that surround you in a gentle caress  
Protect you from a world of hate

And the Earth is full of lurid madmen  
Misogynists abound waiting to produce your fall  
But the being you should most fear when you turn out the lights  
Is in no way human at all

A puritan soul, distanced from sin  
A libertine's ways never for you  
But now you've no choice in this carnival game  
A toy to be done with what I choose

As you struggle to break this invisible grip  
Your consternation growing into fright  
Awake but entranced by a force that's unknown  
But very real on this night

No one answers!  
To the cries in the middle of your dreams  
No one answers!  
To the cries rapidly becoming screams  
No one answers!  
Though you're forced to perform against your will  
No one answers!  
So shut up and accept your fate!!!

You recoil in revulsion, but that will soon pass  
As you rebel to my sensual skill  
Non-compliance won't do, you will truly serve me well  
Or I'll have no choice but to kill

It's the way that I work, it's the way that I am  
I'm selfish, my needs are quite great  
Exhibiting my power over the weaker, fairer sex  
My leviathan desires to satiate

Aha what is this? you're beginning to relent?  
As I have said, none resist my charm  
Your confession of faith is far behind you now  
And to think at the start you were alarmed!

I am your savior, you await my return  
Your libidinous urges long repressed  
What I do to you is inhumanly possible  
I've now introduced you to your future ways...
