

## for a night like this

Darren Criss

Been a long long year  
We made it through  
Wouldn't be here now if not for you  
And we've come so far, it's safe to say  
Baby we deserve to celebrate

Breaking the bank to break down the door  
Go hard until we can't anymore  
Break out the bottle that we were saving  
For a night like this

You've got your party dress on  
I've got my favorite kicks  
We got it all together  
For a night like this

So come a little closer  
Give me another kiss  
We've waited for forever  
For a night like this

Been a hard hard road  
Showed up to fight it  
But it's a brand-new day  
And everyone's invited

So turn the music up  
Love is in the air  
Baby raise your cup  
Feel it everywhere

We're breaking the bank to break down the door  
Go hard until we can't anymore  
Break out the bottle that we were saving  
For a night like this

You've got your party dress on  
I've got my favorite kicks  
We got it all together  
For a night like this

So come a little closer  
Give me another kiss  
We've waited for forever  
For a night like this

For a night like this  
For a night like this  
For a night like this  
For a night like

Hand in hand we're dancing  
Right into the best days of our lives  
Finally got it right

You've got your party dress on  
I've got my favorite kicks

We got it all together  
For a night like this

So come a little closer  
Give me another kiss  
We've waited for forever  
For a night like this

So slick sophisticated  
One day we'll reminisce  
We got it all together  
For a night like this

So come a little closer  
Give me another kiss  
We've waited for forever  
For a night like this

For a night like this  
For a night like this  
For a night like this  
For a night like this

We're breaking the bank to break down the door  
Go hard until we can't anymore  
Break out the bottle that we were saving  
For a night like this

We're breaking the bank to break down the door  
Go hard until we can't anymore  
Break out the bottle that we were saving  
For a night like this
