

# Sorry

Darren Styles

I saw you yesterday  
You walked past and you looked right through me  
and then I heard you say  
Oh no, he didn't see me did he  
and now your walking away  
to see you cry was not my intention  
just let me make it ok  
just give me one more chance to say

I'm sorry, I am so sorry  
I didn't mean to make you mad  
You're the best thing I ever had  
I'm sorry, I am so sorry  
cos' she wasnt worth it anyway  
so turn around and please dont walk away

Please dont walk away

I'm sorry, I am so sorry  
and now your walking away  
I'm sorry, I am so sorry  
and now your walking away

I saw you yesterday  
You walked past and you looked right through me
