Dm C B C B

Dm C B
Feeling like this could only mean

C-B
I'm sinking.

Dm C B
Feeling like this could only mean

C
I'm sinking.

B
Well, I'm sinking.

Pull me up.

Dm B
Every time I see your clothes scattered out on the floor,

C
I say I thought you would be home.

B
You said you never would be gone.

Dm B
Every time I see the light not burning on the porch,

C
I say I thought you would be home.

B
You said you never would be gone,

Dm-C-B-C
But you are.

Dm-C-B
You are.

Dm C B
Feeling overwhelmed, I take a dive

C B
To a once overfilled but now empty place to hide.

Dm C B
The day you turned on me is the day I died,

C
And I've forgotten what it's like,

B
And how it feels to be alive.

Dm B
Every time I see your clothes scattered out on the floor,

C
I say I thought you would be home.

B
You said you never would be gone.

Dm B
Every time I see the light not burning on the porch,

C
I say I thought you would be home.

B
You said you never would be gone,

Dm-C-B-C
But you are.

Dm-C-B

You are.

Dm

Reach up to the sky.

C

When nothing seems to go right,

B

When nothing seems to go right for me.

Dm

Every time I see your clothes scattered out on the floor,

I say I thought you would be home.

You said you never would be gone.

You are.
