

What Am I Gonna Do

Dave Barnes

Call me courageous
Cause that's what I'm trying to be
We'll break through our silence
It's breaking its way through me

Without you I'm a sinner
Without you I'm a saint
Without you I can't do it
Without you I just can't

Hey what am I gonna do?
What am I gonna do with you by my side? [x2]

Speak to me somehow
A word's all I need to hear
To call for the sunlight
That left when you disappeared

Without you I'm a sinner
Without you I'm a saint
Without you I can't do it
Without you I just can't

Hey what am I gonna do?
What am I gonna do with you by my side?
