Arms Of A Satisfied Woman

Dave Dudley

Arms that are thrilling reach out for me eager and easy to know Arms that could hold me and tell me a lie warm arms that love t hen let go Tempting inviting they're backin' and try to make me forget my someone But arms that betray can't tarry away from the arms of a satisf ied woman My woman is satisfied with me in our love she takes so much pri de I love her that way and I'll never stray as long as she's satis fied Arms cold and tickled could never hold me so I turn away and I run To where I belong I'm so glad I have known the arms of a satisf ied woman The arms of a satisfied woman
