

# Don't You Double

Dave Edmunds

I'm in the mood to argue, girl  
I'm in a mood to fight  
'Cause baby I know you get a thrill  
Thinkin' that you broke my will

I'm giving you a warning, girl  
I'm giving it to you now  
Oh, I've been feeling love's a crime  
You got me doing time, yeah

Don't you double, don't you double  
Don't you double cross me, baby  
Don't you double, don't you double  
Don't you double cross me, baby

County judge put her on parole  
She run out of control  
Baby, you know you made my list  
For leading me on like this

I'm ashamed to say it, son  
I'm under my baby's thumb  
You're the only one around  
That can bring the fever down, yeah

Don't you double, don't you double  
Don't you double cross me, baby  
Don't you double, don't you double  
Don't you double cross me, baby

You're looking sad, you're looking blue  
Oh, is she under your skin too ?  
Now if you miss me, you better kiss me now, yeah

Don't you double, don't you double  
Don't you double cross me, baby

You're looking sad, you're looking blue  
Oh, is she under your skin too ?  
Now if you miss me, you better kiss me now, yeah

Don't you double, don't you double  
Don't you double cross me, baby  
Don't you double, don't you double  
Don't you double cross me, baby

Don't, don't double cross me, baby  
Don't, don't double cross me, baby
