Some other guy, now, has taken my love away from me, oh now Some other guy, now, has taken away my sweet desire, oh now Some other guy, now, I just don't wanna hold my hand, oh now I'm the lonely one

As long as I can feel all right

Some other guy is sippin' up the honey like a yellow dog, oh now

Some other guy, now, has taken my love just like I'm gone, oh

As long as I can feel all right

Wo wo ho ho

Some other guy, now, is makin' me very very mad, oh now Some other guy, now, is makin' my past seem oh so bad, oh now Some other guy, now, she was the first girl I ever had, oh now I'm the lonely one

As long as I can feel all right

Wo wo ho ho

I'm a-talkin' to you, right now, hey! Ow!
