- E A**  
1. Everything's different  
**E A**  
My head in the clouds  
**E A**  
I hit this corner  
**E**  
With my foot on the gas  
**A E**  
I started sliding, I lose it  
**A**  
Everything's different just like that

- D/F# Hmi A G D/F# Emi**  
R: Oh my God, wait and see  
**D/F# C A Emi**  
What will soon become of me?  
**HmiA G**  
Frozen heart  
**D/F# Emi**  
Screaming wheels  
**D/F# C A E**  
Does that screaming come from me?

2. So damn lucky, that you went on ahead  
You say, you say  
I see you later  
I heard what you said a few minutes later  
I'm sliding  
Everything's different, again

R: Oh my God...

- I'm dizzy from all this spinning

3. Now I'm thinking that you did all you could  
When you said my love  
Take it slowly  
Ok, is what I said

R: Oh my God...

- E A E**  
\*: Take me back, just before I was spinning  
**A E**  
Take me back, just before I got dizzy  
**A E**  
Take me back, amazing what a minute can do  
**A E A**  
Just like youuuu

- E A**  
4. So, so, so, so, up, around, around, around  
**E**  
Around, arend, around

**A** **E**  
Amazing what a minute can do  
**A**  
again (Around, Around, Around)  
**E**  
Ok....
