2. If Martians fell from the sky
   What would that do to God
   Would we put the weapon down
   Or aim it up at the sky

R: No one would believe it
   except the feckin' nut jobs
   They'd laugh and cry "we told you so!"

3. Baby when I get home
   I wanna believe in Jesus
   Hammer in the final nail
   Help me pick up the pieces

4. When everything starts to fall
   So fast that it terrifies you
   When will you hit the wall
   Are you gonna learn to fly

R: No one would believe it
   Except for all the people
   Watching as you fly away
