

# Torture Me

Davey Suicide

We're dirty can't sanitize our freedom  
From behind bars we're screaming with no reply  
Are we more than we thought we could be  
We're faithless, we cannot fix injustice  
The guilt that brews inside us for giving in  
Are we more than we thought we could be

I love the way you torture me

Follow me down the rabbit hole  
Love the way you set me free  
Love the way you torture me  
Follow me down the rabbit hole  
Love the way you pleasure me  
Love the way you torture me

The ugly inside of me,  
Brings darkness into my dreams  
Drag razors, insomnia  
Are we more than we thought we could be  
I've too numb to feel a thing,  
The voices are whispering  
There's no rules for us tonite  
Are we more than we thought we could be

I love the way you torture me

Follow me down the rabbit hole  
Love the way you set me free  
Love the way you torture me  
Follow me down the rabbit hole  
Love the way you pleasure me  
Love the way you torture me

I love the way you fucking torture me
