

Uncross Your Legs

Davey Suicide

I see the way you stare at me
Your dirty thoughts I'd pay to see
The tension rises from across the room we sit
You're the match, I'm gasoline

Yeah!

Uncross your fingers and your legs
I ain't too proud, I ain't too proud to beg

I'll make you fall out of love with him
I'll make you fall out of love
I'll give you something that you're missing, baby
I'll make you fall out of love

The lights turn on, and it's last call
Your man takes off, no sign at all
I'm just the devil, you can call me cupid
I'll rock your world, you're not that stupid

Yeah!

Uncross your fingers and your legs
I ain't too proud, I ain't too proud to beg

I'll make you fall out of love with him
I'll make you fall out of love
I'll give you something that you're missing, baby
I'll make you fall out of love

I see the way you stare at me
Your dirty thoughts I'd pay to see

Yeah!

I'll make you fall out of love with him
I'll make you fall out of love
I'll give you something that you're missing, baby
I'll make you fall out of love

I'll make you fall out of love
I'll make you fall in love
