

# America Is Waiting

David Byrne

America is waiting for a message of some sort or another.  
Takin' it again. Again! Again! Takin' it again.  
Well now... no, no... now, we ought to be mad at the government  
not mad at the people.

Takin' it again. Again! Again! Takin' it again.  
I mean, yeah, well... wha... what're you gonna do?  
America is waiting for a message of some sort or another.

No will whatsoever. No will whatsoever! Absolutely no honor.  
No will whatsoever. No will whatsoever! Absolutely no integrity  
.  
No will whatsoever. No will whatsoever!  
I haven't seen any any any citizen over there stand up and say  
"hey, just a second."

No will whatsoever. No will whatsoever! I mean, yeah, so... wha  
... what're you gonna do?  
America is waiting for a message of some sort or another.
