

Piece Of My Love

David Byron

Hey, little honey
Ain't got no money
But I'll show you a real good time
You got me spinnin'
I know you're willin',
So let's get down to feelin' fine
You can have a piece, a piece, a piece
A piece of my love
You're stayin' in my house
And you're always on my telephone
But I don't mind as long as you do
What you're been to
I know you're young
But don't have any regrets
You drive me crazy
You're my kind of lady
So please leave a rest for awhile
You know you treat me unkind
But I like your mind, you know
You're just my style
You can have a piece, a piece, a piece
A piece of my love
You're goin' in again
But I hope you're gonna back soon
My temperature is burnin'
And I miss you even more just now
I'm a good lovin' man
And a good lady never forgets
You drive me crazy
You're my kind of lady
So please leave a rest for awhile
You know you treat me unkind
But I like your mind, darling
You're just my style
You can have a piece, a piece, a piece
A piece of my love
You're stayin' in my house
And you're always on my telephone
But I don't mind as long as you do
What you're been to
I know you're young
But don't have any regrets
Oh baby, don't you have any regrets
