Queen Of Hearts

David Coverdale

She was the keeper of all my reason Possessor of all I owned She kept me on the edge of darkness With words as cold as stone Then you came along Your eyes were flashing with desire Oh babe, you got me burning, so much You got my soul on fire

Honey, you move me You got me so I can't sleep at night You tell me you believe in me And you say you're gonna treat me right

You gave me the answer I knew right from the start I'm gonna tell you, holy roller They say that love's a gamble But, I got the queen of hearts

If I could touch the crystal silence That we have after making love Just to tell you I need you here In the glow of the stars above

If you ever leave, or deceive Or fool around You could be right You could be wrong But, woman, I know I'll miss you When you're gone

Honey, you move me Like the wind thro' a willow tree Ain't no doubt about it, baby You make the blind man see

You gave me the answer I knew right from the start I'm gonna tell you, holy roller They say that love's a gamble But, I got the queen of hearts

You drive me crazy when you walk Crazy when you talk Crazy when you walk with me

You gave me the answer I knew right from the start I'm gonna tell you, holy roller Gonna tell you, holy roller You're the queen of hearts

You gave me the answer I knew right from the start I'm gonna tell you, holy roller Jištěnoz pisnicky-akordy.cz You're the queen of hearts...
