'Eah

Ah

Why I love you for a reason

Why I love you yes I do

Why I love you for a reason

But I can't get close to you

You got me walking round in circles

'Cause I don't know what to do

Won't somebody help me

Because I'm still in love wid you, eh

Was inside out I was inside in

You were looking real hard to get over him

Yeah you made your rule to be so cool

Well I bent my rule to be a fool

Look walking round in circles

'Cause i don't know where to go

Won't somebody help me

'Cause I'm going down slow

Yes going down yeah

Going down

Was it something that I found

Keep going, round, round, round, yeah yeah, yeah

Why I love you for a reason

Say I love you yes I do

I love you for a reason girl

But I can't get close to you

You watch me walking round in circles

'Cause I don't know where to go

Won't somebody help me

'Cause I'm going down slow

Say I'm going down slow

Going down slow
