

Isn't It Strange?

David Ford

[Verse 1]

Darlin' it needs to be said
We're still young, but our love is stone dead
Cold as the sheets, on the big empty bed
Where I will not lay down anymore

[Verse 2]

Time will win at every race
The wrecking ball swings at a glacial pace
It creeps up upon you, like the lines on your face
In the aches at the end of the day

[Chorus]

Oh isn't it strange?
Strange, but isn't any less true
That I spent the best years of my life just waitin' on you

[Bridge]

All for the change
Change isn't easy to see
That you spent the best years of your life just tryin' to change me

[Verse 3]

Well I look at the world and I feel small

Seems much further back up every time that you fall
So you have no hard feelings, I have no feelings at all
Still, I hope I can see you around

[Verse 4]

Someday we'll look back and we'll see
I was not right for you, you were not meant for me
If we were made for each other, we were made imperfectly
From pieces that would never fit right

[Chorus]

So isn't it strange?
It's strange, but it isn't any less true
That I spent the best years of my life waitin' on you

[Outro]

All for the change
Change isn't easy to see
That you spent the best years of your life just tryin' to change me
Oh, tryin' to change me
