

## Lorilee

David Gates

Lorilee, how could you do this to me  
Come along, took all my love for a song  
When a smile lights your face it's a  
beautiful place  
See how it shines... se how it shines

Lorilee, now that I've tasted your ways  
I could live off of your lovin' for days  
And when you're not around I keep missing  
your sound  
Wish you were here  
Wish I was there  
You are life, you are Lee... my Lorilee
