

# Beach Baby

David Hasselhoff

Beach baby, beach baby, beach baby, beach baby oh oh oh  
Beach baby, beach baby, beach baby, beach baby oh oh oh

Do you remember back in old L.A.  
When everybody drove a Chevrolet  
What ever happenned to the boy next door  
The sun tanned crew cut all American male  
Remember dancing at the high school hop  
With everybody drinking soda pop  
I didn't recognize the girl next door  
With beat up sneakers and a pony tail

Beach baby beach baby give me your hand  
Give me something than I can remember  
Just like before we can walk by the shore in the moonlight  
Beach baby beach baby there on the sand  
Come to lie till the end of September  
Surfing is fun we'll be out in the sun everyday

Beach baby, beach baby, beach baby, beach baby oh oh oh  
Beach baby, beach baby, beach baby, beach baby oh oh oh

We couldn't wait for graduation day  
We took the car and drove to San Jose  
That's were you told me that you were my friend  
I guess you don't remember anything

Beach baby beach baby give me your hand  
Give me something than I can remember  
Just like before we can walk by the shore in the moonlight  
Beach baby beach baby there on the sand  
Come to lie till the end of September  
Surfing is fun we'll be out in the sun everyday

I never thought that it would end  
- When I was everybody's friend  
Long hot days - Cool sea haze  
Juke bow plays - But now it's fading away

Beach baby beach baby give me your hand  
Give me something than I can remember  
Just like before we can walk by the shore in the moonlight  
Beach baby beach baby there on the sand  
Come to lie till the end of September  
Surfing is fun we'll be out in the sun everyday

Beach baby, beach baby, beach baby, beach baby oh oh oh  
Beach baby, beach baby, beach baby, beach baby oh oh oh  
Beach baby, beach baby, beach baby, beach baby oh oh oh  
Beach baby, beach baby, beach baby, beach baby oh oh oh...
