

Dance Dance D'amour

David Hasselhoff

Feels so right
Doves take flight for me and my lover
Dim the light (I wanna shout about it)
Lips like wine (Don't wanna live without it)
Feels so right
For me and my lover

Dance, dance d'amour
Kiss in the night tonight toujours
Cause when the dance is all over
We do a sweet bossanova
Dance, dance d'amour
Wishin' tonight would last toujours
Cause when the dance is all over
We do a sweet bossanova

Don't you feel (I wanna shout about it)
This is real (Don't wanna live without it)
Time stands still
For me and my lover (oh lover)

Dim the light (I wanna shout about it)
Lips like wine (Don't wanna live without it)
Feels so right
For me and my lover (oh lover)

Dance, dance d'amour
Kiss in the night tonight toujours
Cause when the dance is all over
We do a sweet bossanova
Tease me please me tell me you'll be true
Hold me in your arms I love you, I love you

Dance, dance d'amour
Kiss in the night tonight toujours
Cause when the dance is all over
We do a sweet bossanova
Dance, dance d'amour
Wishin' tonight would last toujours
Cause when the dance is all over
We do a sweet bossanova

Dance, dance d'amour
Kiss in the night tonight toujours
Cause when the dance is all over
We do a sweet bossanova
Dance, dance d'amour
Wishin' tonight would last toujours.....
