

# If I Had One Wish

David Hasselhoff

If I had one wish  
I'd spend it all on you

If I had one day  
I'd spend it all with you

Cause only in dreams  
Can I look into your eyes  
With only the wind  
To hear me when I cry

If I had one wish  
Darling come home, I miss you  
Just for one kiss  
That's all I want,  
If I had one wish  
I'd spend it all on you  
Sweet Heart please come home  
I miss you

Heavenly Stars  
Shining so bright from a distance  
Could you please help me  
To send my mommy a message

Tell her I miss her  
And I want her to come home  
Please tell her I love her  
More than she could know

If I had one wish  
Please Mom come home, I miss you  
Just for one kiss  
That's all I want  
If I had one wish  
I'd spend it all on you  
Sweet Heart please come home  
Mommy please come home  
We miss you
